 * MAY, This is your life!! *
 * * * * *

May is the fifth month of the year, falling between April and June. May is host to many events. May 1st is known as May Day, long celebrated with various festivities, as the crowning of the May queen, dancing round the maypole and in recent years, often marked by socialist and labour rallies. The second Sunday in May is celebrated as Mother's Day, a day when kids are supposed to give mum breakfast in bed, make her wonderfully useless presents at Cubs or Brownies and try and be nice all day. May is also the time we get a BANG out of life, yes that's right, cracker night. Happy Birthday Queen Victoria, hope you are amused. This May we all got to vote, I hope you all remembered to vote. And who is the winner? Who really knows? Who really cares??? Well, that is about all I can say for May. Oh yeah, it is also a girl's name, just like april, but spelt differently. Hope you had a great May.....ed.

WHAT WE'VE DID AND HOW IT WENT.

- **INITIATIVE COURSE:** May 6th and 7th. The weekend was very successful, except for the rain on Sunday. I think we enjoyed ourselves and the venturers say that they had fun and that's all that really matters. Oh yeah, we didn't get to fail anyone this year.
- **GERARD/RACHAEL BIRTHDAY PARTY:** May 5th. Well, this party wasn't at the Scout hall and it wasn't at the Guide hall, so where was it??? At Rachael's house of course. We watched a video, but it is unlikely that Gerard can remember it. And Mrs Wilson made a sexist cake, one half was decorated for a boy and the other half for a girl.
- **CREW TUPPERWARE PARTY:** April 30th. We did it! We sold enough stuff to get the fab. hostess gift for our raffle, well done. Thanks to Peter for all the yummy deli sandwiches.
- **CAKE STALL:** May 13th. Great fund raiser Sue. Top idea, great weather, lots of cakes (thanks to all who baked), so what I hear you ask. Well, we raised \$101.40 for the Guide Dog Assc. So there!!
- **GUIDE DOG VISIT:** May 7th. We learnt lots about blind people and the training involved with guide dogs. We also met a reject guide dog called Harmony, very cute.
- **UNI REVUE:** May 10th. Another year, another Uni Revue, another full frontal. Lots of laughs at political expense and something to eat after at Mr Wooby's.
- **MURDER PARTY:** May 20th. What a gala event. Who killed the Countess, I think we all would have liked to, but it was Gerard, alias Brother Simon, all for a dead nun's hand. Lots of fun, let's do it again soon.

I am sitting in Gerard's and Gerard, Stephen, Sally and Ricey are all playing SHIT FOR BRAINS, a card game. Nick has just walked in with his bluey. Vick has also just walked in, with her blue Nick/Tammy jumper. I've got mine on, but Nick hasn't got his on. Nick and Vick are talking about which of them got the most engagement cards. Vick leads!!!!!! Who really cares???

GOING TO SHEFFIELD

(the easy way) by Vic.

1. Get a car.
2. Get a B.Ed. (and a bed -I didn't have one for the first three nights).
3. Be firm (Gerd usually is).
4. Go to Bridgewater, turn right.
5. Go to Perth, turn left.
6. Left, left. You are now in Kimberley (Gerd would like to be).
7. Cross the Mersey (Gerry & the Pacemakers did it in a ferry).
8. Left again, past the turn-off (Gerd is one) to Weegenah. Continue on past the sign to "Beulah, Beulah....Beulah...Anyone"
9. Yoa in a thickly-bushed coniferous thicket. Get out of it now!
0. Give way to the Railton-goers (Gerd is a not from Railton one).
1. Slow down and continue straight on in (see Gerd).
2. Left at Websters. Stop. You are outside my house (or nearly). It is the one in Sheffrock with the green door and the vet.

P.S. This is an open invitation for you all to come and stay

P.P.S. I have been in an anti-Gerard mood lately.

OWED TO NICK

Once there was a Rupert who owed oh so much money
He used all of it up in covering girls in honey
that are really sticky.

KERC was tardy coughing up for the report (thats after you throw it up)
but thats alright ciz im sure we can baet them up at the annual dinner
krc (they only get lower case because they owe us \$32) sux
pear was in debt (up to her eyeballs) but thats alright according to her
because she's the secretary.

Marlene ran away but we know where she lives so we will break her
kneecaps if we dont see the money by next week
Tammy lives on the good grace of the kindly treasurer who will let her
pay back her vast owings in little bits
and thats it.

A PHANTASTIC STORY

Once upon a time there were these two guys sailing in a big merchant sailing ship. Along came these ugly men called the singhing pirates and attacked the ship and tried to kill everyone just for jollies. The young good guy, KIT, saw his dad get unwell with a sword through his tummy as he fell overboard. Everyone else was cut up into little bits. KIT was washed up on a tendy surf beach used exclusively by little brown people who liked shooting people with poison sticks. They helped him get better 'cos they were a great bunch of guys. Later KIT found a unlive fellow on the beach who was wearing his daddy's coat. 'Struth! I bet that's the ugly prick who skewered my old man' he thought and returned later when the maggots had eaten the nasty man and pinched his skull. On his way back to the little brown people's place he tripped and fell on to the skull. "Shit" he said 'cos it hurt. Thus he had sworn on the skull of his father's murderer. "Just for that I'm going to bash the brown stuff out of all the pirates and naughty people I ever meet and so will my kiddies."

Once upon a time there was a man called Aristotle. He thought to himself, one day, "I think I should become a mega-multi-millionaire. And so he did.

Hey kids! Do you have any really old dingy Phantom comics?

If you do then I will take them off your hands because they are a waste of space in your house and aren't worth a pinch of sh...erry.

N,umbers 1 to 400 are especially invaluable(no value) so get them to me quick so you can utilise your space a whole lot better.

Phone now on 720159(H) or 784817(W) or just bring them around.

DUCKS

Gerard once new a duck called, called William.(but only once)
They hit each other and gerard hurt his mouth and Bill hurt his bill.

THE DUCK HUNTERS

There were two Irish duck hunters in a marshy place trying to get some ducks. They'd been there for quite a while with no success so Paddy said to Shamus, "We've been here for quite a while with no success. What are we doing wrong?" So Shamus says, "Perhaps we arent throwing the dog high enough."

A STORY FOR TAMMY (Who once was a nanny)
Which is pretty funny (thats Tammy as a mommey)
But she earned lots of money when tammy was a nanney
Thats momey for wiping kids things that are runny
and making them sandwhishes that are full of honey
